PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, Lord of light, may Thy divine light shine before us this day as we seek through our humble prayers to draw near unto Thee and to bow our wills to Thine and to yield our spirits to the influence of Thy inspirations. As we worship Thee, give us grace to perform our daily tasks in a manner pleasing unto Thee. May our Flag to which we pledge allegiance this day ever remind us of our individual opportunities for patriotic service. Grant guidance and blessing to all who serve in places of leadership and responsibility in State and Nation. For the opportunities, O Lord, of serving Thee and our State, we give sincere thanks. May the words of our mouths and the ideals of our minds be ever acceptable in Thy sight. Grant to us that inward peace that will sustain us in every difficult task. May we never permit our conscience to be dulled nor our affections chilled. We ask O Lord, a blessing on our homes and on all who are near and dear to us. Fill our hearts with gratitude for health and strength, for our homes and loved ones, for our Nation and State and for the opportunity of serving here in this Senate Chamber. AMEN.

(a) If the work of improvement of the character referred to in Section 1184.1 is provided for in a separate contract from any contract or agreement with respect to the erection of residential units or other structures upon said lot or tract of land, then the work of improvement of the character referred to in that section

shall be deemed a separate work of improvement and the commencement thereof shall not constitute a commencement of the work of improvement consisting of the erection of any residential unit or other structure upon said lot or tract of land.

(b) The liens provided for in Section 1184.1 are preferred to (1) any mortgage, deed of trust, or other encumbrance which may have attached subsequent to the time when the work of improvement of the character referred to in that section in connection with which the lien claimant has done his work or furnished his materials was commenced; or to (2) any mortgage, deed of trust, or other encumbrance of which the lien claimant had no notice and which was unrecorded at the time when such work of improvement was commenced; or to (3) any mortgage, deed of trust, or other encumbrance recorded before the commencement of the work of improvement of the character referred to in that section which was given for the sole or primary purpose of financing such work of improvement unless the loan proceeds are, in good faith, placed in the control of the lender under a binding agreement with the borrower to the effect that such proceeds are to be applied to the payment of claims for labor performed or materials used or consumed in such work of improvement and that no portion of such proceeds will be paid to the borrower in the absence of satisfactory evidence that all claims for such labor or materials have been paid or that the time for filing claims of lien arising out of such work of improvement has expired and no such claims have been filed; provided, however, that in the event the owner of the land or the holder of any mortgage, deed of trust, or other encumbrance thereon shall procure or cause to be procured a bond with good and sufficient sureties which shall be conditioned for the payment in full of the claims of all persons performing labor upon or furnishing materials to be used in, or furnishing appliances, teams, or power contributing to such work of improvement, and shall cause to be incorporated in said bond a provision by its express terms making it inure to the benefit of any and all persons who perform labor upon, or furnish materials to be used in, or furnish appliances, teams, or power contributing to such work of improvement, so as to give such persons a right to recover upon said bond in any suit brought to foreclose the liens provided for in this chapter, or in a separate suit brought on said bond, then such mortgage, deed of trust, or other encumbrance shall be prior and paramount to the liens provided for in that section arising out of such work of improvement irrespective of whether or not such mortgage, deed of trust, or other encumbrance attached before or after the time when the work of improvement commenced and irrespective of the nature or provisions for payment of the consideration of such mortgage, deed of trust, or encumbrance. Such bond given under this section must, in order to comply with its requirements, be either (1) a statutory labor and materials bond, complying with all of the provisions of Section 1185.1 of this code, save and except that said last mentioned bond may instead of being filed with the original contract, before the work of improvement is commenced, in the office of the county recorder of the county where the property is situated, be filed *for record* in such office at any time before such work of improvement has been completed, or such bond may be (2) a bond with good and sufficient sureties in an amount not less than fifty (50) percent of the face principal amount of such mortgage, deed of trust, or other encumbrance, and shall be given for the sole benefit of persons performing labor upon, or furnishing materials to be used in, or furnishing appliances, teams, or power contributing to the work of improvement to which said bond refers, upon which last mentioned bond either the contractor or the owner may be principal, and which last mentioned bond shall be filed *for record*, in order to comply with the requirements of this section, before the work of improvement to which said bond refers is completed.

Senate Resolution No. 137

Relative to the Devore Cutoff joining U. S. Highways 99 and 395

WHEREAS, An immense volume of traffic, especially heavy truck traffic serving the greater Los Angeles metropolitan area, flows through the Cities of Fontana and San Bernardino as a result of the junction in that vicinity of traffic from U. S. Highways 395, 99, and 66; and

WHEREAS, The route of U. S. Highway 395 and the junction of that highway with U. S. Highway 99 are such that through traffic movement between the Los Angeles metropolitan area and Cajon Pass is forced to follow a triangular path through the Cities of Fontana and San Bernardino; as a result, traffic leaves U. S. Highway 99, works it way northward over various county roads and Fontana city streets, and moves through the so-called Devore Cutoff to enter U. S. Highway 395 (see Index No. 26-m, Report on the Proposed Additions to the State Highway System, Division of Highways, April, 1955); and

WHEREAS, The so-called Devore Cutoff, as considered in the mentioned report and as proposed by Assembly Bill No. 3168 as amended and Senate Bill No. 2406 as amended, 1957 Regular Session, traverses a route now followed by county highways; and

WHEREAS, A state highway on that route is generally acceptable to the people of the west end of San Bernardino County; and

WHEREAS, As eventual construction of a cutoff along the approximate route of the Devore Cutoff would appear to be inevitable, people and local officials in the area are anxious to lay plans for the future by bringing county roads up to state standards, by appropriate zoning, by purchasing rights of way, by providing for grade separations, and by adapting utility installations; now therefore, be it

Resolved by the Senate of the State of California, That the California Highway Commission and the Department of Public Works be hereby requested to, insofar as practicable, advise the County of San Bernardino as to any preference said commission and department might have for the location of the said Devore Cutoff if and when said additional mileage is included in the State Highway System by the Legislature. This information is desired by said County of San Bernardino for the purpose of future planning, location of utilities, acceptance of dedication of rights of way, location of prospective industries, schools, residential subdivisions, municipal incorporations, annexations and to satisfy other pressing and important local considerations; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the Director of Public Works.

By Senator Richards:

Senate Resolution No. 146

Relating to the construction of dividing barriers on freeways

WHEREAS, The number of accidents and fatalities on California freeways represents a great and continuing hazard to the lives and safety of the great number of citizens who daily utilize these freeways; and

WHEREAS, Head-on collisions between vehicles moving in opposite directions on such freeways do often result in fatal injuries to driver and passenger; and

WHEREAS, Head-on collisions cause fatal injury to the driver who is innocent of contributing to the cause of such an accident; and

WHEREAS, It has been effectively demonstrated that the construction of a dividing barrier between opposite lanes of traffic on freeways in urban centers will materially reduce the number of accidents which result in fatal injuries; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Public Works in constructing freeways, and upon freeways already constructed, in counties having a population of over 4,000,000 persons, is hereby directed to, as soon as economically feasible, erect or provide a dividing barrier between lanes of traffic proceeding in opposite directions, sufficient effectively to deter any vehicle proceeding in one direction from crossing into a lane of traffic proceeding in the other direction; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit a copy of this resolution to Mr. Frank B. Durkee, Director of Public Works.

Senate Resolution No. 147

Relative to the creation of the Senate Interim Committee on Transportation Problems

WHEREAS, The following conditions are found to exist:

1. There is ever-increasing usage of California's highways, roads, and streets by all classes of motor vehicles.

2. There is urgent need to provide greater safety on the highways.

3. The problems of providing, maintaining, and operating highways, and reducing accidents thereon, are increasing to the point where a substantial economic burden is involved.

4. Usage of the highways is affected directly by the State's highway-user tax structure and also by the transportation rate structure as established by the Public Utilities Commission.

5. Costs of transportation generally and highway transportation particularly have been increasing constantly in recent years with a resulting impact on California's potential economic development.

6. Costs of transportation have a direct effect on the costs of building highways and, in turn, the cost of highways affects the costs of transportation.

7. Costs of transportation are affected directly by the tax structure which, in itself, may create inequities and inequalities as among different classes of carriers and different shippers.

8. There are many unsolved problems relating to the regulation of operations and rates of highway carriers, as to which factual information is necessary for the enactment of proper legislation; now, therefore, be it

Resolved by the Senate of the State of California, As follows:

1. The Senate Interim Committee on Transportation Problems is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to the transportation problems of California, including but not limited to, the financing, planning, construction, maintenance, operations, and use of highways; the adequacy and equity of the tax structure and the transportation rate structure as they affect individuals, shippers, receivers, and all forms of transportation; the administration of all taxes collected for highway purposes and the problems of taxpayers in complying with such taxes; and possible overlapping or conflict of activity in dealing with transportation problems as among the several agencies of the State Government or as between the State and its subdivisions.

The committee is further authorized and directed to study all factors relating to the safety of operations of all types and classes of vehicles using the highways, including but not limited to maintenance of vehicles, driver training and hours of service, the effects of overloaded vehicles; to study and test brake systems, lining, and other safety devices, which are purported to reduce highway accidents; to study and test mechanical, electronic, or other devices that might be used by any agency of the State in the regulation and enforcement of laws pertaining to highway operations and use.

The committee is further authorized and directed to ascertain, study, and analyze all facts relating to the operation of highway carriers, the establishment of rates for highway carriers, and the regulation thereof under the provisions of the Public Utilities Code, the effectiveness of such regulation, the extent to which the code provisions are enforced, and the need for further regulatory legislation in the public interest.

The committee is further authorized and directed to analyze the operation, effect, administration, enforcement, and possible revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the report its recommendations for appropriate legislation.

2. The committee shall consist of five Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1959 Regular Session, with authority to file its final report not later than the thirtieth legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To contract with such other individuals and agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpenas, orders and other process issued by the committee.

Senate Resolution No. 152

Relative to congestion of freeway traffic in the City of Los Angeles

WHEREAS, The estimated population of Los Angeles County on January 1, 1957, was 5,401,274; and

WHEREAS, The average daily influx of population is estimated at 580 persons and the projected population of Los Angeles County in 1975 is estimated in excess of 9,000,000 people; and

WHEREAS, The number of vehicles in Los Angeles County presently exceeds the total registration in all but seven states; and

WHEREAS, It may be reasonably expected that the present accelerated rate of growth of Los Angeles County, both in population and in the number of motor vehicles registered therein, will continue in the future; and

WHEREAS, Almost all businessmen in the downtown business district of the City of Los Angeles are dependent upon their customers coming to them by automobile; and

WHEREAS, The vast number of residents of Los Angeles and adjacent counties who work in the downtown business area presently depend to a great extent upon their private automobiles in order to convey them to their place of work; and

WHEREAS, The inbound lanes of the Santa Ana and San Bernardino Freeways, which are the major arterial routes bringing motor vehicles into the downtown Los Angeles area from the south and east, are normally subject to an extremely heavy flow of traffic daily; and

WHEREAS, The junction of the Santa Ana and San Bernardino Freeways causes a bottleneck which, during the peak hours, often slows traffic to a complete standstill for a considerable time and a long distance back from that junction; and

WHEREAS, The resulting congestion, which occurs at times when the need for a steady flow of traffic is most urgent and which consumes time in needless delay, represents a great inconvenience to the drivers of the vehicles, causes monetary loss to the community, and constitutes an unfortunate and unnecessary expense to business firms and individuals; and

WHEREAS, The present condition may be expected to worsen and it is apparent that relief must be afforded; now, therefore, be it

Resolved by the Senate of the State of California, That every effort be expended in expediting the construction of the Golden State and Olympic Freeways as completion of those freeways will materially reduce the congestion which occurs at the junction of the Santa Ana and San Bernardino Freeways; and be it further

Resolved, That, in order that the problems created by the congestion at the juncture of the Santa Ana and San Bernardino Freeways may be alleviated, the Department of Public Works be requested to conduct, as soon as it is reasonably possible to do so, a survey of possible alternate routes leading from the south and east into the civic center of Los Angeles which may be utilized as major through routes by part of the traffic now traveling along the Santa Ana and San Bernardino Freeways; and be it further

Resolved, That all reasonable means to alleviate the present bottleneck at the juncture of these two freeways by expansion of the facility at the point of congestion, or by other methods which may be deemed feasible, be undertaken at the earliest possible opportunity; and be it further

Resolved, That the Secretary of the Senate be directed to transmit a copy of this resolution to the Director of Public Works.

Resolution read, and adopted on a motion by Senator Richards.

Senate Resolution No. 157

Relative to State Highway Route 239

WHEREAS, The national system of interstate and defense highways includes a new freeway from San Francisco to San Jose; and

WHEREAS, Chapter 23 of the Statutes of 1957 added State Highway Route 239 from Route 56 near Daly City to Route 2 near San Jose, which new route is popularly known as the Junipera Serra Freeway, and said Chapter 23 authorizes the California Highway Commission to select the route for this new highway and to include as part thereof all or portions of any existing state highway route or routes; and

WHEREAS, In 1956, State Highway Route 237, Junipera Serra Boulevard from Daly City to San Bruno, was added to the State Highway System and the Department of Public Works has given assurances that, in recommending the location of Route 239, the present Junipera Serra Boulevard would be extended from its present terminus in San Bruno in the direction of Skyline Boulevard and thence in a southerly direction to San Jose; and

WHEREAS, The Department of Public Works has likewise given assurances that one of the proposed locations for Route 239, which is given a designation of "Route A," would not be selected because of the protests of the cities affected; and

WHEREAS, The Department of Public Works presently has before it for consideration alternative proposed locations for Route 239, which are designated as "Route B," "Route C," and "Route F"; and

WHEREAS, Attention is called to the fact that Section 75.5 of the Streets and Highways Code provides for the consideration at public hearings or meetings held with respect to the selection of any state highway or freeway route, if requested by the city or county affected, of estimates of the effect that the selection of alternative routes would have upon community values, and city street and county highway traffic, in addition to the estimates of the driver benefits to be derived from the alternative routes; and

WHEREAS, It is of the utmost importance that the Department of Public Works consider all possible locations in formulating its recommendations for the location of Route 239 and should study and consider such possible locations prior to the time it conducts the public hearings which will be held in the areas affected with respect to the location of Route 239; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Public Works is hereby requested to abandon any further consideration of the proposed location for State Highway Route 239 designated as "Route A," and is requested to make adequate studies of the proposed locations designated as "Route B," "Route C," and "Route F," and any variations thereof, prior to the time that it conducts public hearings in the areas affected with respect to the location of Route 239; and be it further

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, we humbly bow before Thee this day mindful of our human frailties. We seek Thy guidance in the interest of our State and its citizens. Direct us in the duties of this day with unfailing loyalty to Thee and the high purpose and the holy destiny to which we, as Senators, have been called and chosen. Grant unto us that inner light and radiance by which we may be enabled to look serenely and wisely upon the perplexed problems before us and take our place in the planning for a newer and better day—for a more efficient and all-embracing program here in our State. As we face perplexities and responsibilities, inspire us to be truthful and high-minded, courageous and just. Make us strong in these hours of decision—pure in the face of temptation—true in every obligation to Thee and to our State. Mercifully enlighten our minds and give us a firm and abiding trust in Thy fatherly love and care. Enrich the counsels of this day by sending upon each of us the guidance of truth. Help us so to live and labor that our lives may pierce through the transient and superficial in the quest for that which is lasting and permanent. May the call to duty inspire each of us to strive manfully until the day is over—and having rendered an accounting of our words and actions—we may earn for ourselves, our citizens and our State, a fruitful blessing. AMEN.

O God, on this Memorial Day, we a grateful people, take this opportunity to commemorate our war dead, those who laid down their lives that this Nation might live. Our hearts are moved with gratitude today for the sacrifices they made on battlefields of land, sea and air that this Republic might be born, might grow, and might be preserved forever in unbroken union. Today, Lord, our eyes are tear-dimmed as we gaze towards faraway places and see the rough and sullen mounds with their small white crosses under which so many of our sons sleep until the Resurrection morn. This day, O God, has ever been, is now and forever shall be the soldier's day of immortality. O Heavenly Father, may this Memorial Day of 1957, proclaim to the world a mighty people who look back with hallowed memories through the past to their war dead, who face the grim stern duty of the present, who look forward to the future with serene confidence in the all-ruling Providence of a kind and loving God. RESOLUTIONS

The following resolutions were offered:

By Senator Dorsey:

Senate Resolution No. 158

Relative to the creation of the Senate Interim Committee on Child Welfare

WHEREAS, The care, education and welfare of the children of this State who are receiving and entitled to receive aid through programs administered by the State Department of Social Welfare and the county welfare agencies, is a matter of vital importance to the State and to the counties, and large amounts of state and county moneys have been expended and increasing each year; and

WHEREAS, Juvenile delinquency and juvenile crime, in this State are increasing each year as shown in reports, and statistics point to the need for a state program that will result in juvenile delinquency prevention. The California Youth Authority facilities for correction and rehabilitation are now taxed to capacity notwithstanding the increasing expenses for additional facilities and operation during the past five years; and

WHEREAS, The county juvenile camp program for wards of the juvenile courts with its proven successful and economical operations should be further studied for counties lacking such a facility; and

WHEREAS, There now exist conditions with reference to the administration of the various child welfare programs that are believed to be duplicated, overlapping, and not carried out in uniform manner throughout the State, resulting in double expense and general decrease in efficiency; and

WHEREAS, The problem of caring for children under the various county and state programs has greatly increased and study should be made for aid and assistance in the child welfare problem; and

There shall be allowed to each district a maximum area for the attendance units of the district in junior high schools determined by computing, in accordance with the following paragraph, the number of square feet for the attendance units at each junior high school attendance center of the district, and totaling the number of square feet so determined for all attendance units in all such junior high school attendance centers of the district.

There shall be allowed a maximum area of 75 square feet for each attendance unit of the junior high school attendance center in grades 7 and 8. For each attendance unit in grade 9, or grades 9 and 10, as the case may be, at each junior high school attendance center, there shall be allowed a maximum area of a number of square feet equal to the number of square feet which would be allowed under Section 7717.4 for each attendance unit of an attendance center having a total number of attendance units equal to the total number of attendance units in grades 7 to 9, inclusive, or 7 to 10, inclusive, as the case may be, at the junior high school attendance center. The number of square feet which would be allowed under Section 7717.4 for each attendance unit of an attendance center shall be computed by determining in accordance with that section the total number of square feet which would be allowed at an attendance center and dividing such total number of square feet by the total number of attendance units at such attendance center.

Senator Desmond's Remarks Regarding the Passing of the Honorable John Harold Swan

Unfortunately there are times in the lives of all of us when we have certain duties to perform and when we have to inform our fellows of the happening of certain unfortunate events.

A little while ago I was advised that a former member of this Senate has passed to the great beyond. For the past six months or so, former Senator John Harold Swan has been suffering from one of those illnesses from which few men ever recover and this morning he passed away in his sleep at his mother's home in Los Angeles.

I am sure that all of us who have served in this Legislature when Senator Swan was a member of this house or served in the Assembly at the same time will certainly regret his passing. He was a man of sterling character. He was a man who came to this Senate under circumstances which seemed to indicate to all of us that perhaps he had been an extreme liberal, perhaps a radical, but as he served his days on the floor of this house he learned what this Senate stands for and he learned of the traditions of this Upper house of the Legislature of the State of California. Senator Swan certainly did by his words and by his deeds show that he was a man of character, a man who could resist the things that were improper and not for the good of the State but who would stand up for the ideals that his fellows in this Senate stand for.

I knew Senator John Harold Swan and he did me the great honor a year or two ago of endowing me with the degree of Doctor of Law. He was the Dean of McGeorge College of Law and was the Dean of the Sacramento Junior College. He drew unto himself the young men and the young women of this city. He was a man who was ready and willing to extend to others the open hand of friendship, he was the friend of others. He was a man who worked hard all his life to attain the things that are worth while.

He was admitted to the bar after many years of study and work at the University of Southern California where he engaged in the most menial chores in order to provide the means for his education. He was respected by the educators in California and in this community.

He was elected to the Legislature in 1940 and served during the years 1941, 1942, 1943 and 1944 in this Senate. He retired without seeking re-election and when he retired he was paid the highest compliments by Members of this Senate.

He was a member of the Sacramento County Bar Association, and the California State Bar. He devoted his time and efforts to an educational career which would instill the finest type of character in the hearts and minds of those students with whom he came in contact. He was a friend and supporter of mine in every campaign in which I engaged. He actively supported my candidacy each time I ran for the Senate and did everything he could to further my candidacy in that campaign. He was a friend to whom you could go to seek advice and aid and was a man of greatness and justice, who, with charity and bigness of heart, gave of himself for the help of others and as he passed away, almost on the bosom of his mother from whence he came, all of us regret his passing but rejoice that we had the opportunity to know this man and to know that a man of his kind has come to peacefully reach the end of his days in this troubled world.

I have not had time to prepare a resolution on the passing of Senator Swan and therefore thank you for the opportunity to say these few words of regret and sorrow concerning his demise and I move that when the Senate adjourns today, that it adjourns in memory of our deceased colleague Senator John Harold Swan.

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, we gather once again under Thy guidance to fulfill our duties as representative of the people of our State. Bless us as we undertake our tasks; guide us in our deliberations and decisions. Make us worthy of the heritage that is ours. Enlightened with Thy wisdom and sustained with Thy power, may we never disappoint our people by neglecting or abusing the office which we represent. In our work, O Lord, may we ever establish a just balance between freedom and authority so that our State with its people may continue to prosper and to grow in harmony with the moral mandates of our history. Teach us, Lord, to overcome those social ills that cause man's inhumanity to man. Give to each of us the courage to face and endure the hazards and hardships which are essential in the establishment of a free and happy society. O God, Thou art therefore the source of our strength. Without Thy presence today and every day, we lose faith in ourselves, our courage ebbs and difficulties defeat us. Humbly therefore, we lay before Thee, the tasks of the day. May our thoughts be acceptable in Thy sight, and may our deeds be worthy of Thy approval. AMEN.

Accordingly, I have signed Assembly Bill 939 and that bill has become a law, and I am returning the Senate bill to the house in which it originated with this statement of my objections thereto.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

MOTION TO PRINT REPORT

Senator Brown moved the following report of the Subcommittee of the Senate Governmental Efficiency Committee be printed in the Journal.

Motion carried.

Senator Earl Desmond, Chairman,
and Members of the Senate Committee on
Governmental Efficiency

GENTLEMEN: Your subcommittee on bills relating to public meetings and public records has completed its work and submits its report as follows:

The following Assembly bills relate to licensing boards:

2035	2043	2050	2058	2064
2038	2045	2051	2059	2065
2039	2046	2054	2060	
2040	2047	2055	2061	
2041	2048	2057	2062	

All the foregoing bills have a provision declaring all meetings of the board shall be open and public. However, each of the agencies has asked for certain exceptions wherein they may hold executive sessions. The principal exceptions are to be found in subsections (a), (b), (c), and (d) of Assembly Bill No. 2035.

Discussing the last provision, or subsection (d), first, that would provide that the board could meet in executive session for the purpose of preparing, approving, grading, or administering examinations. In the opinion of your subcommittee the language would not seem to be necessary as it is extremely doubtful that any court would demand such a meeting to be open. However, the subcommittee does not object to the exception.

Subsection (c) would allow the board to hold an executive session to deliberate on the decision to be reached upon evidence introduced in a proceeding to discipline a licensee. The subcommittee, recognizing that courts and juries retire to deliberate a decision, has no objection to that provision but it suggests that the language be tight enough so as to preclude the possibility that the executive session would extend beyond deliberation on a decision and into an executive session to receive evidence or testimony on any additional material not introduced at a public hearing during the proceedings.

Subsection (a) would permit the board to have executive sessions for the purpose of considering qualifications for appointment or employment or dismissal of a public officer or employee, or to hear complaints or charges brought against an officer or employee. Subsection (b) would permit executive meetings to consider instituting proceedings to deny, suspend, revoke or otherwise discipline a licensee or to consider the institution of proceedings in civil or criminal courts respecting violations of the law administered by the board. Your subcommittee opposes both provisions on the grounds it is contrary to our American system that an accused person is entitled to call out his accuser, and it is equally fundamental that such affairs are not conducted in other than public proceedings. The proponents of these provisions contend that a secret hearing on charges and complaints against employees or licensees is necessary to protect them from false accusations. Your subcommittee believes that the protection for both the employee or licensee and the public lies in the fact that such matters are conducted in public. In the case of an employee or licensee, the requirement that such accusations or charges be made publicly results in the accused his rights in law to take action against slanderous and malicious charges. Conducting such matters in private would seem to be an open invitation for irresponsible complaints and charges to be given, affording the accused no protection in law. He would not even have the protection that comes from the knowledge of an accusation and the opportunity to defend against false accusations. Likewise the protection to the public from wrong doers, either in the case of employees or licensees, must rest in the fact that the charges are made publicly so that the public may know that charges have been made and in the last case at a public knowledge may demand action by the board. To do otherwise would permit the board to sidetrack and ignore legitimate complaints.

Each of these agencies is granted licensing authority solely for the purpose of protecting the public health and safety. The object of their actions therefore is not limited to a particular profession or vocation which each governs, but extends to all the public who have use from time to time for the various professions and services covered under the licensing acts. The public interest, therefore, is paramount to any other interest.

The purpose of requiring public agencies to meet openly and publicly is to assure that the people have access to all information so that they are enlightened and are therefore able to exercise their authority to govern themselves intelligently. It is not sufficient that public agencies only meet openly and publicly at the time they take official action, for the public must have access to the meetings at the time that the agency receives and considers the information, material, and evidence which results in the final action, for the public must know what consideration and what reasons lie behind the final action.

A further provision contained on page 2, lines 5 to 7, would permit the board to exclude any or all witnesses in a matter being investigated during examination of a witness. It is believed by the subcommittee that this language is not necessary and serves no purpose inasmuch as a board following the same practice of the courts could in fact do exactly that without any specific provision of the law and subsequently defend such action before a court.

Your subcommittee therefore recommends that all the foregoing bills be amended to conform with Assembly Bill No. 2035 in the form it will be if amendments proposed by the subcommittee to this bill are adopted. These amendments would let the language of Section 1 stand, in Section 2, strike out subsections (a) and (b), and, on page 2 of the bill, strike out lines 5 to 7, inclusive.

With respect to Assembly Bill No. 2076, the committee recommends that the bill be amended to strike out the language on line 4 after the word "public" and all of line 5 and to strike out the word "and" and line 14 and all of lines 15 to 18. The substantive change in this bill by those amendments would strike out that language which would permit the board to hold executive sessions to consider the employment or dismissal of employees for the same reason as given in connection with Assembly Bill No. 2035.

With respect to Assembly Bill No. 2077, it is recommended that the bill be amended to strike out all of lines 4 to 15 for the same reasons as given for Assembly Bill No. 2035.

With respect to Assembly Bill No. 2078 it is recommended that all of Section 3 be stricken as well as all of lines 4 and 5 for the same reasons as previously given.

With respect to Assembly Bill No. 2083 amendments were offered to the subcommittee by representatives of the Industrial Welfare Commission requiring that exceptions be made to their public meetings for the purpose of considering appointments to the wage arbitration boards and for the purpose of deliberating to decisions to be reached after a proceedings. In conformance with its other recommendations, the subcommittee recommends that the bill be amended to strike out the superfluous language on lines 4 and 5, and to accept the amendment to allow the commission to deliberate on its decisions in executive session, and to deny the amendment permitting the selection of wage boards in executive session for the same reasons as stated as its objections to executive meetings for the purpose of selecting employees.

Conclusion: If the amendments recommended by the subcommittee are adopted, the subcommittee would recommend the bills be given a "do pass" recommendation as amended. If the proposed amendments of the subcommittee are not adopted, the subcommittee would then recommend that the bills be tabled.

The committee attaches three opinions of the Legislative Counsel on questions which were raised at the subcommittee hearing. We recommend that the opinions be published in the Journal.

Respectfully submitted,

CHARLES BROWN, Chairman
ED. C. JOHNSON

Records of the State Board of Public Health—No. 14162

Dear Senator Brown:

Question

With reference to Assembly Bill No. 2096 you have requested our opinion whether the records of the State Board of Public Health referred to in that bill would include the records of the State Department of Public Health.

Opinion

It is our opinion that, although there may be some difficulty in determining whether particular records are records of the board or are records of the department, "records of the board" as that term is used in Assembly Bill No. 2096 would not include records of the department.

Analysis

Section 2 of Assembly Bill No. 2096 would add Section 103.2 to the Health and Safety Code to read as follows:

"103.2. All records of the board shall be open to inspection by the public during regular office hours."

Sections 100, 101, 102, 106, 112, and 113 of the Health and Safety Code provide as follows:

"100. There is in the State Government a State Department of Public Health.

"101. The department shall consist of the State Board of Public Health, the State Director of Public Health and such divisions as are or may be necessary for the prevention of disease, the prolongation of life and the promotion of the physical health and mental efficiency of the people of the State.

"102. The State Board of Public Health consists of the Director of Public Health and nine other members. The board shall advise the director in the performance of his duties and formulate general policies affecting public health. It shall have power to adopt, promulgate, repeal and amend rules and regulations consistent with law for the protection of the public health. It shall issue licenses and permits as prescribed by law and by rules and regulations of the board. It may hold hearings and subpena witnesses and documents pursuant to Article 2 of Chapter 2, Part 1, Division 3, Title 2 of the Government Code. The board shall have no administrative or executive functions other than those set forth in this code.

"106. The director is the executive officer of the department. He shall administer the laws and regulations of the board pertaining to public health and shall vigilantly observe sanitary and public health conditions throughout the State and shall take all necessary precautions to protect it in its sanitary and public health relations with other States and countries. He shall perform such

other duties as may be prescribed by law, and such other administrative and executive duties as have by other provisions of law been imposed upon the board.

"112. The director shall keep or cause to be kept an accurate record of the proceedings of the state department and shall file a written report of them at each regular meeting of the board.

"113. Notwithstanding anything in this code as enacted, the director may, subject to the approval of the Governor, create such divisions and subdivisions of the state department as may be necessary and may consolidate, divide, or abolish them from time to time."

It is apparent from the quoted provisions that the board is a policy making body without administrative or executive functions (H. & S. C. 102). It is, however, also a constituent part of the department (H. & S. C. 101) and is concerned with the making of policy pertaining to the same subjects or matters which are administered or regulated by the department (H. & S. C. 102). In general, the many provisions of law which impose duties upon, or delegate functions to, the board or the department refer to one or the other depending upon the consideration whether the duty or function is essentially one of policy formation or of administration. As illustrative, Section 1111 of the Health and Safety Code, with reference to state aid for local health administration, provides in part as follows:

"1111. The State Department of Public Health shall administer this chapter and the State Board of Public Health shall adopt rules and regulations necessary thereto; * * * ."

In view of this relationship between the board and the department, we would not construe the term "records of the board" to encompass all the records that have been compiled or are kept pursuant to law by the department. Rather, we think that term refers to records of the hearings, proceedings, orders, determinations, and other actions of the board as a policy making entity. It may well be, however, that records administration in the department is such that this demarcation would be difficult to follow in application to particular records. Further, a question would appear to exist as to records or data furnished to the board by the department. For example, Section 112 of the Health and Safety Code, quoted above, requires the director to keep a record of the proceedings of the department and to file a report of them with the board at each regular meeting. Those reports and other data or records furnished the board by the department would probably be considered "records of the board" even though they are compiled from, or are a part of, the records of the department.

In general, however, we conclude that, as the board is only a constituent part of the department and is given functions and duties separable from those of the department, a reference to the "records of the board" as in Assembly Bill No. 2096, would not be construed to encompass the records compiled or kept by the department.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

Honorable Charles Brown

Public Records—No. 14166

DEAR SENATOR BROWN: You have submitted to us the following question:

Question

Where there is a general provision of law requiring a board to open its records to the public, would that provision impliedly repeal specific provisions making specified records of the board confidential?

Opinion

In the absence of anything contained in the general provision indicating a legislative intent that it shall supersede conflicting special provisions, we believe that the special provision would control, and would operate as an exception to the general provision.

Analysis

It is a fundamental principle of statutory construction that a statute must be considered and applied in all of its parts, and each section must be reconciled with the others and be made effective, if possible (*People* v. *Monroney*, 24 Cal. 2d 638). In other words, all parts of a statute must be construed together, and harmonized, so far as it is possible without doing violence to the language or to the spirit and purpose of the act, so that the statute may stand in its entirety (*Glendale* v. *Crescenta Mutual Water Company*, 135 Cal. App. 2d 784).

The courts have also on many occasions, when confronted with two conflicting provisions of law, one general and the other specific, held that effect should be given to both, and that the specific provision is controlling (*People* v. *Monroney*,

supra; *Rose* v. *State*, 19 Cal. 2d 713). In such case the specific provision is treated as an exception (*Rose* v. *State*, supra).

The foregoing principles will apply, of course, only where there does not appear a manifest legislative intention that the general statute shall be of universal application, notwithstanding the prior special provision (*Homestead Valley Sanitary District* v. *Donahoe*, 27 Cal. App. 2d 548). It should be noted that in the last cited case, the general provision contained in itself specified exemptions indicating a legislative intent to exclude others.

On the basis of the foregoing, assuming that there is no legislative intent demonstrated to the contrary, we believe that the general principles would apply in the situation presented, and that both the general provision and special provision would be effective.

Honorable Charles Brown
Senate Chamber

Public Records—No. 14189

DEAR SENATOR BROWN: You have submitted to us the following question:

Question

Where there is a general provision of law requiring a board to open its records to the public, would that provision require the board to reveal material obtained preliminary to an investigation by the board?

Opinion

While it is difficult to give a categorical answer to your question in the absence of specific information as to the nature of the material referred to, we believe that if such material is merely preliminary data providing the basis for an investigation by the board, it need not be revealed.

Analysis

There have been very few cases in this State interpreting the term "public records." One of the definitions of that term relied upon by the courts is "a paper written by a public official in the performance of his duties or in recording the efforts of himself and those under his command or written plans of future work is a public record" (*People* v. *Pearson*, 111 Cal. App. 2d 9). Another test used frequently by the courts is "an order that an entry or record of the official acts of a public official shall be a public record it is not necessary that such record be expressly required by law to be kept but it is sufficient if it be necessary or convenient to the discharge of his official duties" (*People* v. *Tomalty*, 14 Cal. App. 224).

In the absence of specific information as to the nature of the material in question, neither of the definitions cited appear helpful. However, there is a judicial decision on the point which appears quite relevant. We have reference to the case of *Coldwell* v. *Board of Public Works*, 187 Cal. 510, in which it was held that preliminary data prepared for a proposed city water project was not "public records." What is important to note here is the court's statement that such data is not "public records" because "they have not attained the character and dignity of completed acts or documents of any kind until approved." In other words, such material does not become public record until acted upon.

Since the facts given indicate that the material has been obtained as a preliminary to an investigation by the board, it would appear that it also "has not attained the character and dignity of a completed act or document" of the board. In view of this, we are inclined to believe that the board would not be required to reveal such material.

Very truly yours,

Senate Resolution No. 82

Relative to an investigation and report on the feasibility of an eastside water service canal

WHEREAS, The valley and foothill areas lying east of the Sacramento-San Joaquin Rivers extending from the American River southward to the Stanislaus River are now deficient in water supply, both for irrigation and domestic purposes, and such deficiencies are becoming more acute each year; and

WHEREAS, The Department of Water Resources has submitted various reports concerning investigations of the possibility of water supplies for these areas from various sources; and

WHEREAS, The City of Stockton metropolitan area requires an immediate plan for the furnishing of a supplemental domestic and industrial water supply if this area is to continue its present growth pattern; and

WHEREAS, The Legislature has just added State Highway Route 238 to the State Highway System, which route is to extend from the vicinity of Woodland southward through the San Joaquin Valley to a point near Bakersfield and portions of the same may be along the easterly edge of the San Joaquin Delta to or near the City of Stockton; and

WHEREAS, A preliminary report entitled "A Water Plan for San Joaquin County and Nearby Areas Including the Delta" by Charles M. Weber was submitted under the provisions of House Rule No. 200, 1951 Session, as extended, to the Legislature on May 15, 1956, through the Assembly Committee on Conservation, Planning, and Public Works indicating the feasibility of the location of a major water service canal in conjunction with a freeway extending along the easterly side of the delta to the confluence of the Stanislaus and San Joaquin Rivers; and

WHEREAS, Such a route might make it possible to furnish surplus waters to such deficient areas from one or more of several sources such as the American, Sacramento, Cosumnes, Calaveras and Mokelumne Rivers; and

WHEREAS, The combination routing of such a state highway and water service canal may offer great savings in rights of way and construction costs as well as providing an economical means of providing urgently needed water to the areas of deficiency; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Water Resources is directed to make a study and report on the feasibility of such a combination of water service canal and state highway to supply the water needs of the City of Stockton and the lands adjacent to and east of the delta of the Sacramento and San Joaquin Rivers, and be it further

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, we present ourselves before Thee at the beginning of another week to offer Thee anew the homage of our hearts. We desire sincerely and fervently that every beat of our heart might be an acknowledgment of Thee as our first beginning and our last end. Conscious of our weaknesses—knowing that we are unable to do anything good without Thee, we ask that Thy wisdom might instruct us, Thy strength guide us and Thy power preserve us as we undertake the duties of framing and establishing the laws of our State. O God, from whom all truth derives its reality, enter our frail and erring minds and direct them to see all things in Thy light. Teach us to listen to our conscience and to be sensitive to its demands. Direct our minds and thoughts to those abiding values that never die. May the sense of Thy nearness, O Lord, put to flight the petty cares and fears that so often consume the joy and nobleness of life. AMEN.

The background color of the label and the letter style shall not be changed in listing ingredients of animal origin.

CONSIDERATION OF DAILY FILE (RESUMED)

THIRD READING OF SENATE BILLS

Senate Resolution No. 135

Relative to an engineering study of a portion of the proposed extension of Highway 99E

WHEREAS, That portion of the central San Joaquin Valley lying eastward of the Cities of Madera, Fresno, Hanford, and Tulare is an area of intensive agriculture and contains many cities and population centers; and

WHEREAS, The area is one in which the need for an extension of Highway 99E as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, is especially acute and urgent due to the expanding population and economic development in the area, the inadequacy of Highway 99 to serve the needs of the area, and the number of east-west highways with which connections would be made by an extension of Highway 99E through the area; and

WHEREAS, Extension of Highway 99E, as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, and as considered in the requested report of the Division of Highways to the Legislature, would appear to be inevitable in the near future and an engineering study of a portion of that proposed extension would provide valuable cost and other data for use of the Legislature; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Public Works be hereby requested to make an engineering study of a section of the proposed extension of Highway 99E beginning in the vicinity of State Sign Route 41, north of Clovis, south via Clovis, Sanger, Parlier, Reedley, and Dinuba, and connecting with State Sign Route 65 in the vicinity of Exeter, and to report the results of the study to the Legislature at not later than the 1959 Regular Session; and be it further

Resolved, That the Secretary of the Senate be directed to transmit copies of this resolution to the Director of Public Works.

Resolution read, and adopted on motion of Senator Burns.

Senate Resolution No. 141

Relative to the acquisition of land bordering Russian River, Sonoma County, for state park purposes

WHEREAS, The Russian River in Sonoma County is an ideal location for outdoor enthusiasts, campers, sportsmen, picnickers and nature lovers; and

WHEREAS, The natural scenic beauty of the Russian River is something which should be made available to all of the people of the State, and especially the residents of the Bay area cities and visitors to the State each year; and

WHEREAS, The Public cannot properly appreciate and use the Russian River and its beaches because of the lack of public access to such river; now, therefore, be it

Resolved by the Senate of the State of California, That the State Park Commission is hereby requested to include in its studies an investigation of the feasibility of the acquisition of land along the Russian River in Sonoma County for state park purposes, particularly in the vicinity of Healdsburg and between the River Bridge at Summer Home Park and the bridge at Monte Rio, and report its findings to the Senate during the 1959 Session of the Legislature.

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

Give us, O Lord, this day, that interior peace, that repose of conscience, that tranquility of mind which raises our confidence in Thy goodness so that we might carry on and complete the work that Thy mercy has begun through us. O God, Thou who art the light that enlightens every man that cometh into the world, open our hearts and minds to Thee as we go about our work—that we may in all our actions perform Thy will to the very end and experience in ourselves that Thou alone art the principal and source of all the gifts that are given to man. Help us to recognize Thy greatness and our own nothingness. Penetrate our hearts with deep reverence for Thee, a sincere respect for Thy commands, and inspire in us love of Thy ways. Make strong in us the realization that fear of the Lord is the beginning of wisdom so that we might direct our lives and actions in perfect conformity with Thy divine plan and bring to those we serve mutual happiness, peace and prosperity.—AMEN.

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O Lord, God, Thou who hast said "Ask and ye shall receive; seek and ye shall find" mercifully attend to our prayers this day and grant us the gift of Thy charity that we may ever love Thee with our whole hearts and never desist from doing Thy will in the work before us. O God, whom the winds and seas obey, calm the agitation of our troubled minds and may we find peace and happiness in doing the duties that are before us as Senators of our State. Give us Lord, a ready zeal for the responsibilities that are ours so that we may never cease to direct and govern by our actions those over whom we have been placed. May we live both now and always a life of unwaivering faith in Thee and our fellow man—a purity of conduct—of perfect observance of the precepts of Thy Gospel. Keep us ever faithful in our duties and the allegiance we owe to Thee and our State. Grant us Lord to know Thee—to know ourselves—that wholly employed in the tasks before us we may always be conscious of our obligations to Thee and of the opportunities for service. May we be blest by our worthy actions dedicated to the sanctity of life and may the deliberations which we make this day affect most favorably the course in the lives of all our citizens. AMEN.

MOTION TO PRINT REPORT

Senator Burns moved that the following report submitted by the Subcommittee of Governmental Efficiency on Oil, Gas and Mineral Leases, be printed in the Journal immediately following the Governmental Efficiency Committee Report concerning Assembly Bills Nos. 47, 3695, 3790, and 3791.

Motion carried.

REPORT OF SUBCOMMITTEE OF GOVERNMENTAL EFFICIENCY ON OIL, GAS AND MINERAL LEASES

Hon. Earl D. Desmond, Chairman
Committee on Governmental Efficiency

MR. CHAIRMAN: Your subcommittee appointed to hear Senate Bill No. 795—Cunningham, and Assembly Bills Nos. 47—Miller et al., 2237—Shell, 3869—Bruce F. Allen et al., has had the same under consideration and reports as follows:

Under existing law, the State generally is unable to lease tide and submerged lands for a royalty of more than 12½ percent. Only under conditions of drainage of state-owned lands by adjacent developments is the State able to ask for higher royalties. However, with the conditions under which development work in tide and submerged lands will proceed under Cunningham-Shell provisions, there are grave doubts that the State Lands Commission will be able to classify lands so as to secure to the State the benefits of the higher royalties provided in the case of drained lands, even after initial discoveries are made. Thus, in the final analysis, it is entirely conceivable that regardless of how much or how little oil may be produced from these lands, the State will only receive the minimum of 12½ percent royalty.

Because of the deficiencies under the present law, it becomes quite clear that amendments to the Cunningham-Shell Act must be adopted which will provide a workable policy, within which the State can be reasonably sure of receiving a fair return from the exploitation of this nonreplaceable natural resource.

Assembly Bill No. 47 does this in two ways. First, it frees the State Lands Commission from the inhibitions of the present law that land be classified for the purpose of determining the royalty which can be paid therefor. Second, it provides the State Lands Commission with a definite legislative policy maximizing returns from these leases.

In effect, these provisions give the State Lands Commission freedom to propose the best lease terms for the State within a wide range of possibilities, but at the same time to implement the definite legislative policy of seeking the greatest possible royalty returns. In addition, they provide simple insurance that if bonanza-type discoveries are made in the tidelands, the State, as landholder, will participate with the discoverer in his good fortune.

Much has been said about the incentive deemed necessary for oil interests to engage in oil development work in the tidelands. Assembly Bill No. 47 will permit the State Lands Commission to judge the extent and nature of the incentive needed under the particular circumstances of each lease offering.

The State Lands Commission will be able to set the sliding scale royalty at such percentages on such production rates as the interest of the oil industry in a particular area and the available geologic and geophysical data indicate will result in the best bidding response. At the same time the State is protected from a give-away by the built-in insurance of a sliding scale royalty. In addition, the State can continue to benefit from the peculiar economics of the oil industry which makes bonus bidding possible.

The other legislation which has been offered and which would substantially amend the Cunningham-Shell Act, also enlarges the area of discretion within which the Lands Commission could offer leases. However, it does not establish a legislative policy of maximizing the returns from the state leasing of the tidelands. It would permit the Lands Commission, in the exercise of its discretion, to continue the present leasing operation (at the slightly higher royalty rate provided by all the bills) and justify its action on the grounds that the Legislature approved the continuation of such a policy.

The Legislature should not delegate or avoid its policy-making responsibility in a matter as important as this, nor is it fair to the taxpayers of California or to the State Lands Commission to allow it to supervise so important a state activity without a firm statement of legislative policy.

Recommendation: We, therefore, recommend that Assembly Bill No. 47 be reported to the Senate "do pass."

LETTER OF TRANSMITTAL

CALIFORNIA LEGISLATURE
CITIZENS LEGISLATIVE ADVISORY COMMISSION
SACRAMENTO, CALIFORNIA, May 15, 1957

The Honorable Harold J. Powers
President of the Senate
State Capitol, Sacramento, California

Re: Citizens Legislative Advisory Commission

DEAR SIR: Transmitted herewith is the Report of the Citizens Legislative Advisory Commission to the California Legislature, appointed during the current 1957 Regular Session pursuant to Assembly Concurrent Resolution No. 23.

Very truly yours,

CITIZENS LEGISLATIVE ADVISORY COMMISSION
By MAX EDDY UTT, Chairman

REPORT OF CITIZENS LEGISLATIVE ADVISORY COMMISSION TO THE CALIFORNIA LEGISLATURE

May 15, 1957

Joint Committee on Legislative Procedure and
Committees on Rules of the Senate and Assembly
State Capitol, Sacramento, California

GENTLEMEN: This Report is made pursuant to Assembly Concurrent Resolution No. 23, adopted by the California Legislature at its 1957 Regular Session, creating the Citizens Legislative Advisory Commission and requiring the same to report to the Legislature not later than May 15, 1957.

The commission consists of 67 members appointed pursuant to the above-mentioned Assembly concurrent resolution for the purpose of advising and assisting the Legislature on possible improvements in procedures and staffing. The membership comes from widely representative walks of life, and includes state-wide representation from leading civic, educational, political and business organizations. A list of the membership, giving their names and associations, is hereto attached.

The organization meeting of the commission was held at the State Capitol on March 22, 1957, and presided over by Mr. Carl E. Wente, Chairman of the Executive Committee of the Bank of America, San Francisco, California, and former president of the California State Chamber of Commerce. During the course of the organization meeting, the undersigned was elected as permanent chairman, and the following committees and their chairmen were elected:

I. Legislative Sessions—Chairman, Mr. T. H. DeLap, former Senator and Attorney at Law, Richmond, California.

II. Legislative Terms of Office—Chairman, Mr. Thomas J. Cunningham, General Counsel, The Regents of the University of California, Berkeley, California

III. Legislative Compensation and Conflicts of Interest—Chairman, Mr. Lloyd E. Graybiel, Vice President, American Trust Company, San Francisco, California

IV. Personal Assistance for Legislators—Chairman, Mr. Henry J. Kaiser, Jr., Vice President, Henry J. Kaiser Company, Oakland, California

V. Legislative Committees—Chairman, Mr. Dan Kimball, President, Aerojet, Sacramento, California

VI. Legislative Aids and Services—Chairman, Mr. Louis A. Rozzoni, President, California Farm Bureau Federation, Berkeley, California.

The subject committees forthwith entered upon a period of immediate activity, considering much research material which had been made available through the kind

auspices of your Joint Committee on Legislative Procedure, the Office of the Legislative Counsel, and others. A total of 17 meetings of the various committees were held in the course of which recommendations to the commission were formulated.

A second full meeting of the commission was held at the State Capitol on April 26, 1957, at which recommendations of the various committees, referred to above, were received, considered and acted upon. For your assistance and advice, attached hereto you will find in full the text of the various resolutions adopted by the commission. In addition to these resolutions, attention should be directed to the Report of the Committee on Terms of Office, which was approved by the commission to the effect that while there exists many good reasons advanced for increasing the terms of office of legislators, additional information and work must be done before any firm recommendation can be made in that regard. Proposals in recent years for increasing terms of office have not met with popular support, and particularly in 1954, in California Ballot Proposition No. 10, which included provision for increasing the terms of both Assemblymen and Senators, was defeated by a vote of 962,000 for, to 2,122,000 against. Any proposal for extending the term of office, therefore, must be well documented. Such documentation could result from an analysis of the job done by a legislator, which analysis was recommended by Committee No. 3, having to do with legislative compensation. Any change in the term of office would have to involve a constitutional amendment, which, in any event, could not be voted upon until the General Election of 1958. It was the determination, therefore, that recommedations in this regard should await consideration of any analysis to be made as above suggested, rather than being based upon present incomplete data and information.

On the bothersome question of the number and effect of spot bills, the recommendations of Committee No. 1 on Legislative Sessions were believed to be beneficial. In addition, Committee No. 5 on Legislative Committees in its report recommended that further study should be given to the means by which the legislative log jam may be broken, and that a serious effort should be made to curtail the introduction of such spot bills.

Reference to the resolutions adopted will show that the commission, as a key philosophy of governmental action, continued to adhere to reliance upon the citizen legislator, who, in addition to his legislative obligations, is not restricted from remunerative activities in private life. The commission was convinced, however, that the burden of legislation is increasing with an increasing demand upon the time and energies of the legislator. This feeling is evident in the resolutions adopted recommending the abolishment of the constitutional recess and lengthening the general session.

Nearly all of the committees felt that the time within which the commission was permitted to act was too short for completion of the duties suggested and for an adequate determination of the problems inherent therein. You will see a number of resolutions adopted suggesting further study. The background of experience and integrity of the members of the commission we hope have proved of value in the action already taken, and it is left to the Legislature whether or not continued activity by such a group of citizens is of benefit.

Acknowledgment is given to the excellent services rendered by our Secretary, Dr. Ernest A. Engelbert, who was employed by you for this purpose. His help was invaluable. Acknowledgement is also given for the substantial information and research data made available through the Legislative Reference Section of the State Library and the Office of the Legislative Auditor and for the results of studies made as a part of the legislative conferences held at the University of California at Berkeley and the University of Stanford, Palo Alto, in recent years. Acknowledgment is also given for information made available by the Council of State Governments and for research assistance rendered by various personnel and offices of the University of California.

The members of the commission feel that they have made a worthwhile contribution by their recommendations, and that the opportunity of assisting and advising the Legislature in this capacity was not only a great privilege but also a pleasure. By and large, the members served without compensation for either time or expenses.

The commission is furnishing to each of the members of the Joint Committee on Legislative Procedure a full transcript of our general meetings, which transcript sets forth in full the factual data and supporting arguments, both for and against recommendations considered. No attempt is being made in this report to belabor said factual data or arguments, but we will be happy to augment the same as contained in the transcript, if desired.

Respectfully submitted,

Recommendations of the Citizens Legislative Advisory Commission to the California Legislature

May 15, 1957

Recommendations Dealing With Legislative Sessions

Constitutional Recess

The commission recommends that the constitutional recess be abolished.

Bill Introduction

The commission recommends that introduction of bills be unrestricted by the Constitution but that there be placed in the Constitution a requirement that no bill be considered for 30 days after its introduction, and that no bill be introduced within 30 days prior to the termination of the general session, except either with

the unanimous consent of the members or with the consent of the Governor stating that the matter is an emergency.

Length of General Session

The commission recommends that the general session be limited to 150 calendar days with the provision that no bill may be passed in the house of origin during the last 10 days of the session, except either with the unanimous consent of the members or with the consent of the Governor stating that the matter is an emergency.

Legislative Digest and Index

The commission recommends that a current digest and index be prepared by the Legislative Counsel and that such digest and index be available to the public.

Companion Bills, Joint Hearings, Etc.

The commission recommends that such matters as the use of companion bills, and joint hearings on bills be given further study by the Legislature with the recommendation that the Legislature seriously consider such matters with the view if possible of reforming the present procedure with reference to the consideration of bills.

Budget Session

The commission recommends that serious consideration be given to the elimination of the session in the even-numbered years, now known as the budget session.

Recommendations Dealing With Terms of Office

After careful consideration of the subject, Terms of Office, the commission recommends that the problem be given further study by this commission. This study should be developed and documented in the light of the action which will be taken if other recommendations of this commission are adopted.

Recommendations Dealing With Compensation and Conflicts of Interest

The Citizen Legislator

The commission believes in the philosophy of the citizen legislator who, in addition to his legislative obligations, is not restricted from remunerative activities in private life.

Compensation to Be Fixed by Statute

The commission recommends that compensation for the members of the California State Legislature be fixed by statute.

Per Diem Allowances

The commission recommends eliminating from the Constitution (a) legislative mileage provisions, and (b) provisions relating to the number of days of service on legislative committees meeting between sessions of the Legislature for which per diem allowances are paid.

Compensation Survey

The commission recommends (a) the appointment of a citizens commission for the purpose of studying and evaluating the duties and responsibilities of members of the California State Legislature and of recommending rates of compensation, allowances, and actual and necessary expenses, (b) that the commission be provided with sufficient funds to enable it to employ such independent research agency or agencies as it deems necessary, and (c) that the recommendations of such commission be submitted to the Legislature for appropriate legislative action during the 1958 Budget Session of the California State Legislature.

Conflicts of Interest

In the field of conflict of interest the commission recommends the adoption of legislation embodying the principle that no legislator shall knowingly have any direct interest or engage in any business or professional activity which is in substantial conflict with the performance of his official obligations as a legislator of the State of California.

Recommendations Dealing With Personal Assistance for Legislators

Internship Program

The commission recommends that the proposed legislative internship program be referred back to the Committee on Legislative Procedures for appropriate study and action, for the reasons:

1. That it appears that some participation and responsibility devolves upon Members of the Legislature in connection with the program which involves a determination on the part of the Members of the Legislature.
2. That it appears that the internship program is primarily educational rather than an aid to the legislative program with which the commission is concerned.

Personal Staff

The commission recognizes the need for additional help for legislators and recommends that further study be undertaken by the commission for the purpose of determining specific personnel requirements.

District Offices

The commission does not recommend that, in general, district offices are needed for legislators, but that consideration should be given to the possibility of providing offices in those counties wherein the delegations might jointly profit from the use of such offices such as San Diego, Los Angeles, Alameda, San Francisco, Santa Clara, Orange, and San Bernardino Counties.

Recommendations Dealing With Legislative Committees

Consent Calendar

The commission recommends that each house of the Legislature amend its rules to provide for a Consent Calendar; that no bill be placed on the proposed Consent Calendar until it has been considered and reported out by standing committees of the respective houses. The commission recommends that the Assembly amend its rules to read as follows:

> "Whenever a standing committee reports a bill out with a do pass recommendation it shall, if in its opinion the bill is noncontroversial and will not be contested, recommend that the bill be sent to a special file to be designated the 'Consent Calendar'. Such bills, and any other bill whose author so requests at or after the time it is placed on the second reading file, shall be handled separately from the other bills and shall be listed in the Daily File, and printed under the heading 'Consent Calendar'. Each legislative day immediately following the appropriate point in the order of business the Assembly shall, for a period of one hour or so much thereof as is necessary, call for consideration in the order of their listing the bills which have been on the Consent Calendar for 20 days or longer. If, at any time before the final vote is taken on any such bill, three or more members object, the bill shall forthwith be withdrawn from the Consent Calendar and returned to its place on the Regular Daily File."

The commission further recommends that the Senate similarly amend its rules to provide for a Consent Calendar.

Number of Committees and Assignments

With respect to the number of committees and assignments it is recommended that:

1. The number of legislators serving on each committee be reduced.
2. A study be made of the subject matter of the various bills assigned to each committee and, based on such a study, the committees be realigned to equalize the workload of the members of the Legislature.
3. A wider use of subcommittees be made to save the time of the committee members and witnesses.

Hearings by Interim Committees

The commission recommends that interim committees studying the same problem hold joint hearings.

Recommendations Dealing With Legislative Aids and Services

Legislative Counsel

With respect to the Legislative Counsel the commission recommends that in providing adequate legislative service the Legislative Counsel's present independence and legal specialization should be preserved, and the office should not be given nonlegal research duties.

Legislative Auditor

With respect to the Legislative Auditor the commission recommends that:

1. The Legislative Auditor's Office should be responsible to both houses and not one or two committees.
2. The designation, "Legislative Auditor," should be reviewed in the light of designations given to other legislative service agencies, such as the recently established Office of Auditor General.
3. The Legislative Auditor's responsibilities should be limited to fiscal analysis and fiscal research and that the Legislative Auditor should be independent but accountable to the State Legislature as a whole.

General Research

WHEREAS, There exists a large amount of information and research data, including reports of past committees of the Legislature both interim and standing, resources of the State Library and of the University of California, and other research agencies; and

WHEREAS, There appears to be a lack of communication as well as of knowledge of these resources which are available to the Legislature in their consideration of many problems;

Therefore, This commission recommends that a separate office be established to function as a source of information and to coordinate research material and prepare this information in such form as to be readily available to committee chairmen and members of the legislative bodies. We believe the establishment of this service would eventually lead to better coordination and common understanding of the problems of both houses.

Citizens Commission

In view of the broad scope of the problems under consideration by the commission it would be desirable to have the commission continued in order to provide sufficient time to properly analyze and consider the problems, including the need for adequate research facilities for the Legislature.

PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, we stand in need this day of Thy grace and instruction. It is to Thee that we raise our hearts and minds; it is to Thee we look for assistance in the duties before us. Make known to us O Lord, Thy will. Grant that animated by Thy spirit, formed after Thy example, faithful to Thy inspirations and obedient to Thy decrees, we may so live and act as to please Thee and accomplish what we judge to be in the best interest of our people. We seek not O Lord, human comfort from our work but solely Thy pleasure. We prefer Thy will O God, to our own inclinations. We desire to serve Thee more for Thyself than from any selfish motives. And finally, we thank Thee O heavenly Father for all the benefits we have received from Thine infinite liberality. We most humbly ask pardon for the little care we have hitherto taken to return Thee thanks. We detest both our pride and ingratitude which are capable alone of stopping the course of Thy gifts and graces to us. Thou hast inspired us, O Lord, with a resolution of becoming more humble and grateful. Vouchsafe to fortify us in this disposition, grant us the grace to put it into practice all the days of our lives. And as there is no moment that is not distinguished by some of Thy gifts to us, may we at every moment and especially now, nearing the close of this session, give Thee the most sincere proofs of our gratitude. AMEN.

Relative to the creation of the Senate Interim Committee on Water Problems

WHEREAS, The industry and agriculture of our State is dependent upon an adequate water supply which can be obtained only through the full development and utilization of our water resources; and

WHEREAS, Much state legislation is pending and contemplated for consideration for the purpose of making the maximum possible beneficial use of the waters of this State; and

WHEREAS, There is federal legislation now pending and in contemplation for enactment which would provide for various federal activities in connection with the solution of our water development and conservation problems, and there is much confusion as to just how California and the Federal Government may best cooperate in solving these problems, and a comprehensive plan should be carefully worked out for such cooperation between them; now, therefore, be it

If the excess is sufficient to place the district outside of the requirements of any of the subdivisions of Section 7032, the Superintendent of Public Instruction shall deem the average daily attendance of the district during the preceding fiscal year to have been 100 and he shall compute an allowance pursuant to Section 7109.2 with respect to the units of average daily attendance during the period of the then current fiscal year which are more than 100.

The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for each period of the then current fiscal year in the seventh and eighth grades of a junior high school exceeds such average daily attendance for the same period during the preceding fiscal year the following: for the first period, the sum of two hundred [twelve dollars ($212)] *eighteen dollars ($218) if the total average daily attendance of the district during the preceding fiscal year was less than 901, exclusive of pupils attending the seventh or eighth grades of a junior high school, or two hundred twenty dollars ($220) if the total average daily attendance of the district during the preceding fiscal year was 901 or more, exclusive of pupils attending the seventh or eighth grades of a junior high school,* multiplied by the ratio of days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175 and, for the second period, the sum of two hundred [twelve dollars ($212)] *eighteen dollars ($218) if the total average daily attendance of the district during the preceding fiscal year was less than 901, exclusive of pupils attending the seventh and eighth grades of a junior high school, or two hundred twenty dollars ($220) if the total average daily attendance of the district during the preceding*

fiscal year was 901 or more exclusive of pupils attending the seventh and eighth grades of a junior high school, multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

Amendment No. 2

On page 1, after line 15, insert

"SEC. 2. Section 4452 of the Labor Code is amended to read:

4452. Four times the average annual earnings shall be taken at not less than four thousand eight hundred dollars and sixty-four cents ($4,800.64) no more than [twelve thousand eight hundred dollars and thirty-two cents ($12,800.32)] *fifteen thousand two hundred dollars and sixty-four cents ($15,200.64)* in disability cases, and in death cases shall be taken at not less than the minimum nor more than the maximum limits as provided in Section 4702 of this code.

SEC. 3. Section 4453 of said code is amended to read:

4453. In computing average annual earnings for the purposes of temporary disability indemnity only, the average weekly earnings shall be taken at not less than twenty-three dollars and eight cents ($23.08) nor more than [sixty-one dollars and fifty-four cents ($61.54)] *seventy-six dollars and ninety-three cents ($76.93)*. In computing average annual earnings for purposes of permanent disability indemnity, the average weekly earning shall be taken at not less than twenty-three dollars and eight cents ($23.08) nor more than [fifty three dollars and eighty-five cents ($53.85)] *sixty-one dollars and fifty-four cents ($61.54)*. Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month, or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings average for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 4. Section 4455 of said code is amended to read:

4455. If the injured employee is under 21 years of age, and his incapacity is permanent, his average weekly earnings shall be deemed, within the limits fixed in Section 4453, to be the weekly sum which under ordinary circumstances he would probably be able to earn at the age of 21 years, in the occupation in which he was employed at the time of the injury or in any occupation to which he would reasonably have been promoted if he had not been injured. If such probable earnings at the age of 21 years cannot reasonably be determined, his average weekly earnings shall be taken as [fifty-three dollars and eighty-five cents ($53.85)] *sixty-one dollars and fifty four cents ($61.54)*.

SEC. 5. Section 4460 of said code is amended to read:

4460. For the purpose of computing the temporary disability indemnity payable to any employee who sustains an original injury causing temporary disability, the maximum average weekly earnings shall be taken at [sixty-one dollars and fifty-four cents ($61.54)] *seventy-six dollars and ninety-three cents ($76.93)*. For the purpose of computing the permanent disability indemnity payable to any employee who sustains an original injury causing permanent disability, the maximum average weekly earnings shall be taken at [fifty-three dollars and eighty-five cents ($53.85)] *sixty-one dollars and fifty-four cents ($61.54)*.

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or such permanent disability resulting from an original injury sustained after the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 6. Section 4702 of said code is amended to read:

4702. Except as provided in the next paragraph, the death benefit in cases of total dependency, when added to all accrued disability indemnity, shall be the sum of [ten thousand dollars ($10,000)] *twelve thousand dollars ($12,000)* except in the case of a surviving widow and one or more dependent minor children, in which case the death benefit shall be increased 25 percent, but not to exceed [twelve thousand five hundred dollars ($12,500)] *fifteen thousand dollars ($15,000)* and except as otherwise provided in Section 4553 and 4554. In cases of partial dependency the death benefit shall be a sum equal to four times the amount annually devoted to the support of the dependents by the employee, not to exceed the sum of [ten thousand dollars ($10,000)] *twelve thousand dollars ($12,000)*. The death benefit in all cases shall be paid in installments in the same manner and amounts as temporary disability indemnity, payments to be made at least twice each calendar month, unless the commission otherwise orders.

Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the original injury resulting in death occurs after the effective date of the amendment to this section adopted at the 1949 Regular Session of the Legislature.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended during the [1955] *1957* Regular Session of the Legislature becomes effective; provided, however, that all rights presently existing under this section shall be continued in force."
